**Thank you for your support
of the Muscatine Muskies!**

*In the early 1970's, a group of
parents of Muscatine High School
athletes organized into the Muskie
Booster Club. The purpose for raising
extra funds was to assist the Activities
Director in helping students in extra-
curricular activities with achieving
their highest levels. The goal for that
first year was \$2000.*

*Today, the Muskie Booster Club
provides nearly \$100,000 annually in
discretionary spending to help ensure
that our students can experience the
best in extra-curricular activities. Over
\$1,300,000 has been fundraised over
the past forty years. The Booster Club
also provides thousands of volunteer
hours to help these activities run as
smoothly as possible.*
