Greetings MHS Parent,

We here at MHS are always looking for the best way to communicate with students. In an attempt to best meet the communication needs of our students, we have been searching for feedback on the best way to communicate with our students.

Our feedback has been overwhelming that one mode of communication that works best for students is by using text messaging. As a result of this information, the high school is exploring options to send students short, timely text messages when important information needs to be passed along. Currently, the school has the ability to text parents but does not have the ability to text students. However, the school is taking steps to make text messaging to students an option.

The first step in this process is the collection of cell phone numbers. We are asking that parents give permission for their students to receive periodic text messages from the school that will relay important information.

By signing below, you will give consent for your child to receive text messages. At any time, you will be allowed to stop the text messaging.

"I consent to allow the Muscatine Community School District to use automated dialing equipment to place phone calls and/or send SMS (text) messages to this phone number. I understand that I may revoke this consent at any time"
