

Geneva Golf and Country Club is looking for seasonal bag staff for this spring, summer, and fall! This is a great team atmosphere to work in! Perfect for a high school or college student! The more outgoing the better but when I first started in the golf business I was super shy so no worries if that may be you!

Job duties can include but are not limited to:

- *Properly store and clean member golf clubs
- *Properly clean and stock golf carts
- *Welcome members to the property
- *Getting golf clubs out of storage
- *Properly close up the outside services branch each night
- *Picking up range balls and setting up the driving range
- *Keeping the club in a manner that is professional
- *Other miscellaneous tasks

Job Requirements:

- *Must be at least 16 years old and have a valid driver's license
- *Must have reliable transportation
- *Must have a willingness to learn (we will provide all the job training, prior golf knowledge not necessary!)
- *Must have proper and professional work attire - can be discussed in an interview or before the employee's first day at work

The more flexible you are the better! As I said, we will train you and no prior golf knowledge is needed!

Please apply by reaching out to Matt Dail at 815-441-8989, emailing Matt at mdail560@gmail.com or mdail@genevacc.com (either email address should work), or by calling Geneva Golf and Country Club at 563-263-8942!
