

Muscatine Community School District
RFP Live Streaming Automation System
April 19, 2021

Request for proposal for live streaming equipment. The Muscatine Community School District is requesting a proposal for the following;

Fully automated camera system to live stream sporting events along with school activities.

Systems to be installed at;

Varsity Gym- 1 camera
Swimming Pool- 1 camera
VanHecke Center- 2 cameras
Football Stadium- 1 camera

Locations of camera systems;

Varsity Gym;
1 Camera located at mid-court facing the team benches
Custom mount from the ceiling
Automated game tracking (if applicable)

Swimming Pool
1 Camera located in the corner near the starting blocks
Custom mount
Static camera view of the pool

VanHecke Center
2 Cameras- 1 located on each end of the building at mid-court
Custom wall mount
Automated game tracking software (if applicable)

Football Stadium
1 Camera located mid-field on the press box
Automated game tracking system (if applicable)
Coordinate installation with construction of new stadium press box (starting in June)

Please also have the proposal include how your camera system integrates with regards to live streaming & recording the activities/events.

Please also indicate the internet/IT needs to complete the project.

Please indicate the timeline for installation.

RFP's are due by Friday, April 30th at 12:00 pm CST
