

Sparkplugs

is one of many great programs offered at Musser Public Library.

This is not a Muscatine Community School District publication.

It is being distributed through the school district as a community service of the district to inform you of other community activities or services available.

Musser Public Library's High Energy Literacy Program

for kids ages 4-8 plus any family members who wish to attend, lets the whole family rev their literacy engines with hands-on fun.

Spring Session 2017

Kitchen Chemistry

Wild Blue Yonder!

Birds, Clouds, Sky, and Space

Thursday, March 9 at 6 pm.
“The Original Flying Machine”

That would be the bird, or its ancestors! Mike from Iowa Parrot Rescue will bring a parrot for us to see after we read the picture book, “Papagayo.”

Thursday, March 16 at 6 pm.
“Once Upon a Starry Night”

We’ll read the book of this name by Jacqueline Mitton, and enjoy the return of Starlab, from the Bluedorn Imaginarium.

Thursday, March 23 at 6 pm.
“Marvin’s Clouds”

Erin, from the Cedar Rapids Museum of Art, brings a project on the cloud art of Marvin Cone, whose work is featured in the CRMA.

We start with a good, solid snack, enjoy one book or story, then jump into the action.

Thursday, March 30 at 6 pm.
“Hot Air”

The picture book of this name, by Marjorie Priceman, inspires us to create our own miniature “hot air” balloon journeys.

Thursday, April 6 at 6 pm.
“Flight” with the ICM

Another fun session with the Iowa Children’s Museum staff presenting activities about flight.

Thursday, April 13 at 6 pm
“Calling the Doves”

A beautifully illustrated picture book in English and Spanish will inspire us as we make clay doves to paint and keep. This will be our Fiesta to wrap up this school year’s Sparkplug activities!

But even better news: we will continue Sparkplugs over the summer this year, too! More on that later.
